# Pujarani Nayak

## Aspiring Software Developer

+91-9348215955 npuja3800@gmail.com linkedin.com/in/pujarani

## Summary

Motivated third-year B.Tech CSIT student passionate about software development and modern web technologies. Experienced in building projects such as an AI Career Copilot and a mood-based music recommendation website using HTML, CSS, JavaScript, and Python. Continuously improving problem-solving skills through Data Structures and Algorithms (DSA) while focusing on building and deploying real-world applications.

## Skills

**Programming Languages:** Python, C++
**Web Development:** HTML, CSS, JavaScript, React
**Database:** SQL, Firebase
**Tools:** GitHub
**Core Concepts:** Data Structures and Algorithms (DSA), Problem Solving

## Experience

**Frontend Hackathon Participant** **2025**
*DevHack Club* *Frontend Battle 2.0*

- Participated in a frontend development hackathon focused on building responsive user interfaces.
- Developed a responsive UI using HTML, CSS, and JavaScript during a time-based coding challenge.
- Applied problem-solving and frontend development skills in a competitive environment.

## Projects

**AI Career Copilot** | *HTML, CSS, JavaScript, Python, Flask, AI* **2026**

- Developed an AI-powered web application to assist students with career guidance and personalized learning roadmaps.
- Built the frontend using HTML, CSS, and JavaScript to create an interactive user interface.
- Implemented backend functionality using Python and Flask to process user queries and application logic.
- Integrated AI features to generate intelligent responses for career-related questions and suggestions.

**Mood-Based Music Recommendation Website** | *HTML, CSS, JavaScript, YouTube API* **2025**

- Developed a web application that recommends songs based on the user's selected mood.
- Integrated YouTube API to display and play music directly within the website.
- Designed a responsive and user-friendly interface using HTML, CSS, and JavaScript.

**Mood Journal App** | *HTML, CSS, JavaScript, Firebase* **2025**

- Built a web application that allows users to track and record their daily moods.
- Implemented Firebase authentication and database to store user data securely.
- Designed a clean and responsive interface for easy mood tracking and interaction.

## Awards & Certifications

- **Career Essentials in Software Development – Microsoft & LinkedIn:** Completed training covering software development fundamentals, programming concepts, and modern development workflows.
- **Technology Job Simulation – Deloitte Australia (Forage):** Completed a virtual technology consulting simulation involving real-world tasks such as problem solving, data analysis, and technical recommendations.

## Education

**B.Tech/B.E. – Information Technology** **2023 – 2027**
*Trident Academy of Technology, Bhubaneswar* *CGPA: 7.9 / 10*

**Higher Secondary (12th) – CHSE Odisha** **2023**
*CHSE Board* *Percentage: 63%*

**Secondary School (10th) – BSE Odisha** **2021**
*BSE Board* *Percentage: 69.17%*
